

# Turkey Trot Successful

## To the Editor:

Thanks to participants, sponsors, groups, companies and volunteers, the Center for Educational Advancement (CEA) and Johanna Foods' 15th Turkey Trot a record-breaking success. With support from those listed below, CEA raised approximately \$70,000.

A special thanks to the 2,402 runners and 654 walkers who donated \$2,290 over and above their registration fees.

Proceeds will benefit individuals with physical, emotional and developmental disabilities. Through employment services programs, CEA helps people become productive participants in society through education, job training and onsite community work experiences. The mission is accomplished by providing a paycheck to everyone working at CEA.
